Creative, Interesting Title

For your one page explanation/reflection, you can talk about why you chose the piece of art, what about that artwork inspires you, and/or reflect on any interesting facts you found and how those might tie into the artist's inspiration.

You could then also reflect on your poem/song. If you wanted, you could even do a modified TPCASTT: why did you title it that way, what's the attitude, are there any shifts, etc.

Remember, if you don't fill the entire page, you will not receive all the points for this portion of the project.
